NOTE TO STUDENTS AND PARENTS

It is our intention to give each participant an opportunity to learn to sail/ use a power boat, and to provide them with water safety information and a layperson's understanding of Biscayne Bay ecology. We are generally easy going but some discipline must be maintained for safety reasons. There will be time for appropriate recreational activities other than sailing and power boating. We will try to include one day of Big Boat sailing to give everyone a different type of boating experience. Castle Harbor is an American Sailing Association and US POWERBOATING certified school and our instructors are skilled boaters and sailors, all of whom are CPR and First Aid certified. We are enthusiastic and are looking forward to a productive summer camp and sharing our gift of sailing and powerboat with the younger members of the community. We hope that some of them can become a part of our regular year 'round sailing group.
